The Liverpool Cotton Market. [From the Broker's Circular.]

The Liverpool Cotton Market.

[From the Broker's Circular.]

LIVERPOOL. September 4—Corrow—The cotton murket continued very firm in the early part of the week, continued very firm in the early part of the week, continued and exporters doing a large business; and although, owing to the large import, a quister tone has prevailed during the last day or two, prices show twi little change compared with the quotations of hast Thursday. For sea islands an active demand has prevailed, and prices have nurther advanced %d per in in the common qualities. American has been in his damand, but yesterday and to-day has been more freely offered, and prices have given way about %d per lb. New York advices to the 3d lastasst quote middling 30%c, costing to sell in Liverpool 12 1-16d per lb. by steamer. In Brazil the sales continue considerabe, without change in prices. Egyptian has been in fair request, and itse increasing secretly of the better qualities of the staple has enabled holders to obtain an advance of. %d per lb in these descriptions of heat India found froe buyers in the sariy part of the week, but the large import has subsequently caused a quietter feeling, and prices have in button "to arrive" the latest quotations are—Broach, fair new increasing, due &d.; Indiations, due &d.; Omirawuttee, fair new merchants, due &d.; Indiations, &d.; Omirawuttee, fair new merchants, due &d.; Dollerah, fair new merchants, etc., June and late July salling, &d.; Omirawuttee, fair new merchants, and salling, &d.; Omirawuttee, fair new merchants, and salling, &d.; Friday, #Speember 4: The sales to-duy amount to \$9,190 bales, including 5000 on speculation and 15,290 declared for ergort; less demand, at rather irregular prices.

and fair Dhollerah Surat at 55 to, against a gar corresponding date in 1867.

Compared with last week's figures, the stock of cotton shows a decrease of, 50,470 bales; and in the interval the trade have taken 45,740 bales and ex-porters 18,230, together 64,030 bales. The actual ex-port has been 18,443 bales, and the import 14,339 which 86,743 are East India descript

Review of the Savarnah Market. Review of the Savarina market.

SAVANNAH, September 17.—Corron—The receipts continue very good for the season, but most of it is shipped to the North, though within the past few days a little more activity has prevailed in this market. As so in as the season fairly opens and buyers now absent retarn and commence operations, our market will assume a more regular condition, one in keeping with the commercial importance of Savannah, now the second cotton port in the South.

The market has been fluctuating during the week under review, and for the first few days it was impossible to give quotations even approximating con-

o give quotations even approximating cor-To-das, however, the market opened with mand, but holders were not much disposed a good dem.nd, but houlers were not much disposed to accede to the views of buyers. In consequence of an advance in Liverpool, the small stock on hand in New York and the arrival within the past few days of a number of buyers, together with the finch becoming well established that the ravages of the worm will very makerially aborten the crop, cotton has advanced on our figures of yesterday. There were but few asies—buyers anxious, but holders exhibiting very little disposition to accommodate. We are unable to give quotations.

very little disposition to accommodate. We are un able to give quotatons.

The receipts at this port since the 10th instant amount to 4022 bales; all upland, of which 3562 were received per Central Hallroad, 446° per Atiantic and Gulf Baliroad, and 203 from landings on the Savannae river, and 11 from Florida. The exports for the same time have been 3373 bales up-land, of which 2763 were shipped to New York, 437 to Philadelphia, and 73 to Baltimpre.

7,385 3,373 n 4,457

Wilmington Market.

WILMINGTON, Sept. 19.—TURPRETINE.—Market speady, with sales of 142 bbls. at \$2.70 for soft, \$2.20 lbs. SPIRITS TURPENTINE.—Market quiet and prices a shade lower. Sales of only 15 bols, at 41 cents for country, and 30 do. at 42 cents # gallon for New York package. quality.

Tax —119 bbls. received and sold at \$2 60 % bbl.

Corrow.—Sales of 30 bales at 22% cents for low middling, and 23 cents for middling. Baltimore Market.

BALTIMORE, September 18.—Coffee—The tone of the market was again firmer to-day. We report sales of 100 bales low middling at 25% a25% cts; 8 bales good ordinary at 23 cts. Stock is much reduced; middling, of which there is very little offering, is held at 26% a27 cts.

COFFEE—We note sales of 800 bags Rio, su lots from second hands, price not transpired; quotations nomivally unchanged.

COFFEE—We note sales of 800 bags and, salous from second hands, price not transpired; quotations nomivally unchanged.

FLOUR—The market is inactive; we note some inquiry for low grades for British Provinces. Yesterday and to-day there were sales of 1000 bbls. Western extra at \$11a1059; 100 bbls low grade do at \$9.50; 500 bbls good City Mills super at \$8.50, and 300a400 bbls in jobbing lots.

Grann-Wheat-Offerings to-day were composed of 1100 bushels white and 9400 bushels red; the market was steady for all kinds on account of the moderate offerings; included in the sales were 500 bushels low grade white at \$2.23a2.30; of red 600 bushels choice Maryland at \$2.80; 700 bushels good and prime at \$2.40a2 50; 1700 bushels ordinary to fair at \$2.10a2.32; 3000 bushels inferior and tough, as to condition and quality, at \$1.75a2.07. Corn—2134 oushels white and 1459 bushels yellow offered; market dull, only retay I demand; we note a sale of 100 bushels white at \$1.16, quote good and prime do at \$1.6a1.20—qu to sales western yellow at \$1.25. Cats—230.9 bushels received and sold, viz: 600 bushels at 75c; 100 do at 74c; 660 do at 70c; 814 do at 67c; 600 do at 66c; 600 do at 65c—all weight; 100.2 do at 50c measure. Byo—100 bushels s.ld at \$1.50 per bushel.

Gyrayy Craru.—Some demand, with sales of Cal-

50c measure. Bye—10.5 bushels s.ld at \$1 50 per bushel.

GUNNY CLOTH—Some demand, with sales of Calcutta standard at \$3233/50 per yard, as to quantity.

MOLASSES—Market dull; no sales reported, and quotations remain nominally the same. Stock comprised of 1465 hhds, 739 tes and 65 bbls Cuba; 192 hhds Porto Rico, and 676 hhds English Island—total 2338 hhds, 139 tierces and 65 bbls.

PROVINDONS—The consumptive demand for bacon is very brisk under easier prices; we report sales of 150 hhds in jobbing lots to-day at 14c for prime city smokel shoulders; some Western coming in, but not in good order, and offered a frac ion under 14c. We quote rib sides at 16% al7c; clear rib 17a17/2c; good sugar cured hams 22c. Lard is jobbing at 19½ for city, and 20c per pound for Western—Lirge lots for shipment %c under these figures. Mess pork—Sales of 109 bbls at \$30 25; retail lot: \$30 50; prime mess \$27 per bbl. Bulk meats are entirely nominal in the absence of sales. LIVERPOOL, September 19-Noon.-Cotton quiet. nce of sales.

Boston Market.

BOLTON, September 16.—Corper—We notice a better d mand for this article, but prices remain about the same. Sples of 2000 pockets Java, in lots to the trade, at 23c; 3200 pockets Java, in lots to the trade, at 23c; 3200 pockets Singapore Java on the spot, and 3000 do to arrive, on private terms; 2000 bags St. Domingo, for export, at about 9c, gold, in bond, and Rio has been taken in small lots at 14½ ulticle lb, gold, duty pad.

Corrus—Prices of cotton have been almost daily declining, and now rule from 324c per lb lower than at the close of last week. The downward tendency has been brought about by the large re-eight of new cotton at different points South, the prospect of abundant supplies at an early day, and a disposition on the part of ho ders to work off old at class as fast as possible. The sales have been confined to small lots as wanted by manufacturers, and we quote ordinary at 21a22c, good ordinary at 22a23c, low middling at 24.25c, and middling at 25.25c per lb, including uplands and gull. The market at the close is rather unsettled. The stock on hand is quite small, but manufacturers must soon have a better assortment to select from, and are purchasing only in small lots. Domestics—There has been more doing in cotton goods, but at comparatively low prices, for export and consumption. It is believed that more general activity must soon prevail, as jobbers have been alling good more freely lately and must soon replenish stocts. Woollens continue quite active, and all seasonable styles have met with a good demand at remorative prices. Manufacturers are more busily employed in turning out goods, and the season promises to oe the best we have had for some years.

Gunny Rags—The market for gunny bags continues firm at 19ca19½, currency, with sales of 100 bales at 19c.

Gunny Cloth—There is a dull feeling for this article, but prices remain about the same. Sales of 200300 bales, in small lots, at 21½22 for good, currency; and 100 bales at 12½c, currency.

HAX—The market for this article is not so firm, the

SARSAPARILLIAN

ITS POWERFUL CURATIVE ASSOCIATES

PREPARED UNDER A NEWLY DISCOVERED PROCES

FOR EXTRACTING THE CURATIVE PROPERTIES PROM VEGETABLE SUBSTANCES, EN-TERS INTO THE COMPOSITION OF

DR. RADWAY'S

ESOLVENT.

A NEW PRINCIPLE DISCOVERED.

edies.

Physicians wonder at the extraordinary power of Radway's renovating resolvent in curing the worst forms of Scrofulous, Syphiloid, Chronic Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping liching and painful discharge of urine, and its singular power in curing discharges from the Uterus and Ureithrs, L-ucorrhea, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the Sarsaparlia Lian used in the Renovating Resolvent differs from ordinary Sursuparillas! Sarsaparillan is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and useless. One counce of the extract obtained under Dr. Badway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

Narsaparillal is only one of the ingredients

properties from vegetaine substance, combain more of the true principle of cure than twenty pounds of the ordinary roots.

**SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy, that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other sceretions, securing a harmonious functional action of every deprayed organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and servisocreting thick philegm and prurelent matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the skin is covered with pumples, spots, pustules, eores, ulcers, &c., the Resolvent will quickly removes these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronenia Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are hurful, as they increase the functional secretions of on- organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure. Which not only combets and conquers diseases that have entrenched themselves in the system, but is the best known safeguard against all unbealthy influences. Per one with the case occupations and pursuits subject them to the depressing effects of a close, unwhile the companies of the companies impregnated with the Besolvent and absorbed it supply the waste of the body, will make pure, sound and healthy flesh and fibre. The first dose that it taken commences its work of purification and increasing the appetite and flesh.

A REMARKABLE CURE!

SORES ON THE TONGUE, ULCERS IN THE THROAT, SORE GUMS, SORE MOUTH, SORES IN THE NOSE, AROUND

For Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous De bility, Chronic Liseases of the Kidneys, and all Diseases arising from a Disorder ed Liver or Stomach, If recently exhibited, a few bottles will cure. If chronic, or through the effects of Mercury, Potas-sium, Corrosive Sublimate, from six to one dozen may be required to make a permanent cure

A GREAT SENSATION!-A GOOD SENSA

TION ! PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without em ploying such dangerous agents as Chloroform Onium, Morphine, Acontine, Ether, &c., was first

made known in RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and de-lightful desideratum in all cases of external and inlightful desideration in an cases of external and in-ternal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once re-lieved the patient of the most violent and excruciat-ing pangs and throbs of pain, and imparted the de-lightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Pai s in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and extera inste

the pain.

Taken internally, twenty drops to a teaspoonful would cure, and will cure. Asiatic Cholera, Fever and Ague, Chills and Fever. Bilious Colic, Inflammation of the Bowels, Cramps, Spasms, Diarrhea, Dysentery, and every pain that may exist in the instance of the property of the way and the control of the way RADWAY'S. side of man, woman or child; this was RADWAY'S READY RELIEF of 1847, and it is RADWAY'S RE-

READY RELIEF of 1847, and it is RADWAY'S RE-LIEF, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pam-stricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kain-os, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation in the face of the earth.

THIRTY MINUTES! way's Ready Relief" in Acute

CONGESTION OF THE LUNGS CURED IN

and Dangerous Attacks!

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I felt a dull pain over my lett lung, with occasional coughs, but Leing actively engaged, paid no attention to it. When seized, the pain was so occasional coughs, but comp actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and excruciating, that every breath drawn was like a red hot knife cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased, in half an hour I was free from pain, and all signs of Congestion, Ind. minution, ac., gone. This is an important oure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cares of Indammation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the inflammation to the surface, and persons now suffering may, in THIBTY MINUTES, be free from pain.

In cases where inflammation has existed for a length of time, in addition to the RELIEF, take six of RADWAY'S FILLS. Powder them. In half an hour, in most cases, they will operate. If not, repeat the dose. In one or two hours at the furthest they will operate, and the patient soon get well. In Billious, Typhoid, Pewer and Ague, this treatment is sure to cure. Let it be tried.

WHOLE LINE TO THE PACIFIC WILL BE COM-PLETED IN 1869.

The Company have ample means of which the government grants the right of way, and all necessary timber and other materials found along the line of its operations; also, 12,800 acres of land to the mile, taken in alternate sections on eaco side of its road; also, United States thirty-year bonds, amounting to from \$16,000 to \$48,000 ner mile, scoording to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in ser-Keep your Liver in gostive organs in a so with use of these re in medies, and no disease will ever assuil you. est, but the principal amount may be paid in ser-vices rendered by the Company in transporting roops, mails, &c. The Earnings of the Union Pacific Ball-

which, after paying all expenses was much more han sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

upon such a property, costing nearly three times their smount,

The Union Pacific Ronds run thirty years, are for \$1000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's office in the City of New York, at the rate of six per ceut, in gold. The principal is payable in gold at maturity. The trice is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is THE LENGTH OF TIME THEY HAVE 10 RUN.

It is well known that a long bond a ways commands

meals.

Dyspeptics should never be without a bottle of HPPATIC BITLERS, as they have been uniformly found to restore the stomach to its lost energies, and thus lead the patient buck to the enjoyment of the olessing of perfect health. They should take a dessert spoonful three times a day, an hour before each meal. These Bitters are also recommended to physicians, and can be used by them in lieu of other tonics, such as Tinct. Columbo, Tinct. Bark, Tinct. Gentian, and all the cat alloque of bitter tonics; far excelling these in its being a combination of many useful tonics and aromatic carminatives, which are rendered sperient by the addition of a little Turkey Rhubarb, making a preparation long needed by the profession.

onited States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.

I spidity and excellence of cons'ruction have been seemed by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

ROAD, from its way or local business only, during the year ending June 30th, 1868, amounted to over FOUR MILLION DOLLARS,

FIRST MORTGAGE PONDS

Recovering from any severe attack of sickness, will find these Bitters peculiarly useful in restoring lost strength, by removing the cause of cebility and increasing the appetite. They should take a teaspoonful three times a day, mixed with a little water.

The Hepatte Bitters are also recommended to those suffering with Chills and Fevers, when it can be taken in connection with other remedies prescribed for such complaints, and will assist the action of these medicines, supplying the system with the much needed strength lost under the debilitating effects of malara upon the constitution. The doss in such cases, for a grown person, would be a table-spoonful three times a day, immediately before meals. Are Entirely Secure. The Union Pacific Bonds run thirty years, are for

THEY HAVE 10 RUN.

It is well known that a long bond always commands a much higher p ice than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will dee ine as it has done in Lurope, and we have a right to expect that such six per cent. securities as these will be hald at as high a premium as those of this government, whicu, in 1857, were bought in at 20 to 23 per cent. above par. The export demand alone may produce this result, and as the issue of a p ivate corporation, they are beyond the reach of political action.

The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in New York at the
